Where the tournament allows add-ons, all entrants in that particular tournament may purchase an additional bank of chips at the end of the re-buy period. - 4.25 The Tournament Director may also call 'time' on a player if deemed necessary.
- 4.26 If a player lacks sufficient chips for a blind, the player is still entitled to go all-in with their remaining table stake.
- 4.27 All cards will be turned face-up once a player is all-in and all betting is complete.
- 4.28 Verbal affirmations as to the content of a player's hand are not binding.
- 4.29 An oversized chip wagered without the player calling raise will be deemed to be a call.
- 4.30 Where only two players remain in the game, all rules pertaining to the order of wagering and order of play shall be amended to the extent that the designated player will be the first to place the blind and shall be the first to bet or fold in the first betting round.

minutes away from the table and in extreme circumstances, disqualification. A player who is disqualified shall have their chips removed from play.

- 4.33 A player who exposes their hand during a round of play will not have their hand folded but may incur a Penalty.
- 4.34 Tournament players must not advise or seek advice from another tournament player or person not involved in the tournament during play.
- 4.35 From time to time, the Tournament Director will substitute player's chips of lower denominations with chips of higher denominations "Chip Race". To the extent that a player's lower denomination chips fail to evenly amount to the value of the new higher denomination chip (respectively, "Odd Chips", "New Chip"), the Chip Race will proceed as follows:
- (a) The total value of all Odd Chips on the table is tallied.
  - (b) As many New Chips as together wholly equate to the value of the Odd Chip tally are set aside for play and as many of the Odd Chips as equate to the value of those New Chips are removed from play.
  - (c) If the value of the remaining Odd Chips (if any) equates to less than 50% of the value of a single New Chip, those Odd Chips are removed from play and no further New Chips are set aside for play. If the value of the remaining Odd Chips equates to 50% or more of the value of a single New Chip, a single New Chip is set aside for play and those remaining Odd Chips are removed from play (E.g. Totals of \$450 and \$475 would all equal 5 x \$100 chips for the race).
  - (d) A "Race-off" is conducted to award the New Chips to players who possessed Odd Chips. Starting at the first seating position to the left of the dealer, the dealer will deal cards to players face-up. Each player will be dealt a number of cards corresponding to the number of Odd Chips they possess.
  - (e) The player with the highest card value receives a New Chip and in sequence each player with the next highest card value receives a New Chip until there are no further New Chips in the Race-off. If 2 players have the same value card and there is one chip left an additional card will be dealt to each of these players.
  - (f) Each player may receive a maximum of one chip in any given Chip Race.
  - (g) If, following a Race-off, a player has no chips of any denomination, that player will receive a single chip of the lowest denomination in play.
