## Duration:

Until a winner/winners is determined.
Entrants may decide to Chop the prize money once the tournament reaches a certain stage. To initiate a Chop, all remaining Entrants must agree on the amount/percentage each Entrant will receive of the remaining prize pool amount. Management will not be responsible for the amounts agreed on for a Chop agreed to by Entrants.

## Betting Format:

No Limit Texas Hold'em

## Tournament Format:

The maximum number of entrants for tournaments will be determined by the number of tables available for each event up to a maximum of 200 players with a minimum of 2 entrants required to commence each tournament. Players are permitted to enter prior to the completion of the late registration period.

The number of tables used will be determined by the number of entries received by the start of the tournament, with the number of players being adjusted to evenly distribute players between tables. Once all available seats have been allocated on these tables, every player who enters the tournament prior to the completion of the registration period, will be considered an alternate.

A Player who is considered an alternate will be seated with a full starting stack when their seat becomes available. Alternate players will be seated before re-entry players.

Casino Management reserves the right to cancel a tournament with less than 10 entrants.
Big Blind Ante will be posted by the player in the big blind, in the amount equivalent to the big blind. Ante is posted before the big blind and players are eligible to collect the entire ante, even when out of the big blind. Ante is maintained until the completion of the tournament

## 2. ENTRY FEE

Casino Management for promotional purposes, reserve the right to pay the Entry Fee and Administration Fee for a player into any tournament.

All Entry Fees are used exclusively as prizes.

## 3. PRIZE POOL DIVIDENDS

The total value of the Prize Pool will be the Entry Fee multiplied by the number of players, with the cash component of the Prize Pool broken down and paid in accordance with the Cash Payout scale attached. (Appendix a.)

Bounty Tournament: At the commencement of the tournament, each entrant will receive a Bounty Chip with their starting stack. When an entrant goes "All-In", they will be required to add their Bounty Chip to the pot. The winner of the pot will either retain or win the Bounty Chip/Chips. Each Bounty Chip will have a cash value which can be redeemed at the end of the entrant's involvement in the tournament. An entrant can only win another players original Bounty Chip.

Where more than 1 entrant shares a pot where one or more entrants are eliminated, the value of the bounty chip/chips will be evenly shared between the winning entrants.

7.4 A tournament prize pool will consist of all buy-ins together with any re-entries. The total value of the Prize Pool will be the Entry Fee multiplied by the number of Entrants, with the cash component of the Prize Pool broken down and paid in accordance with the relevant Appendix.
7.5 The Casino Operator may, at its discretion, add value to the prize pool in the form of cash, approved gaming vouchers, or goods or services.
7.6 Prior to the beginning of play, all Entrants will be designated a specific table number and seating position at which to play. This shall be determined by random allocation..
7.7 Seating assignments may be altered to ensure that entrants who are known by the Tournament Director to be connected by family or association play at different tables or are separated on the final table.
7.8 The number of entrants allocated to a table shall be determined by the Tournament Director and is dependent upon the number of participants in the tournament.
7.9 All Entrants must provide their name for recording purposes to the table Supervisor upon request.
7.10 All Entrants will be allocated a table stake of Tournament Chips at the commencement of play.
7.11 If an Entrant is eliminated from the tournament prior to the end of a session of play, they shall be required to return any remaining tournament chips being held to the dealer, prior to leaving the table.
7.12 At the conclusion of the tournament heat or final, the Entrants shall return all tournament chips which shall be counted by the staff to determine that their number and value is equal to the number and value of tournament chips issued to be used for that tournament heat or final.
7.13 At the end of a re-entry period or at the completion of play during a multi-flight tournament, should an Entrant have equal to or less than their Starting Stack they will be given the option of forfeiting these chips and therefore being able to buy back into the Tournament. If the Entrant chooses this option, their chips will be removed from play immediately. If the Entrant chooses not to use this option, they will continue play with those chips remaining. In the event of a multi-flight tournament, their remaining chips will be bagged as per normal procedure for the Entrant's return on Day 2 of the Tournament.
7.14 If an Entrant is not present at the table at the start of the tournament, then that Entrant shall have their table stake placed in their seat position. If an Entrant has not taken their position by the completion of Level 4 of the Blind Structure, the Tournament Director may declare that the Entrant is "Provisionally Eliminated" and the remainder of that Entrant's stake will be removed from play. If the Entrant arrives later in the day, a calculation is made to determine the number of blinds and antes that would have been taken from their stack and their stake returned to play.
7.15 If an active Entrant is not present at the table at the start of a round of play, cards will be dealt to their betting position and if that Entrant is required to place a blind bet and/or Ante Bet, appropriate blind bets and/or Ante Bets will be placed from their table stake.
7.16 If an active Entrant is not present at the table to act on their hand the Tournament Director:
7.16.1 shall direct the dealer to deal the cards to the absent Entrant's position as though they are present. Should the player still not be present at the completion of the initial deal the hand shall be folded; and/or
7.16.2 may declare the tournament Entrant's position cancelled and the entrant disqualified. Once disqualified an Entrant will not be entitled to a refund of the entry fee, except on the approval of the Tournament Director and will not be entitled to retain the value of any tournament chips in their possession at the time of disqualification.
7.17 An entrant shall not lend or borrow Tournament Chips at any time.
7.18 Each Entrant is required to display in clear view of other Entrants and table supervisors, all Tournament Chips being held at any one time and those chips must be stacked in denomination. The dealer or supervisor may direct that a player's chips be arranged such that the total value of those chips may be determined. Concealing, pocketing or otherwise hiding chips during tournament play may result in immediate and irrevocable disqualification. No such Tournament player shall be entitled to a refund of entry fee, reentry, buy-in, re-buy or add-on and will not be entitled to retain the value of any tournament chips in their possession at the time of disqualification.
7.19 Where two or more all-in Entrants who would have been eligible for place in the tournament, are eliminated in the same round of play, the placing/placings shall be equally shared among those Entrants.
7.20 Play may go to hand for hand on all tables when multiple tables are in play and:
(a) the bubble is approaching;
(b) the number of Entrants left just exceeds the required number for the final table.
7.21 Blinds and antes are raised at scheduled intervals. At the end of a designated blind level, the new limits will apply on the next deal. (A deal begins with the cutting of the cards).
7.22 Where an Entrant has lost their entire table stake, they will be eliminated and must vacate the tournament table. However, where a tournament permits, Entrants my re-enter a tournament within the registration periods, and will be re-seated with a full starting stack of tournament chips once a seat becomes available.
7.23 The Tournament Director may determine the method of allocating tables and playing areas to tournament Entrants, the order of wagering, the method of balancing and breaking tables, and any other conditions providing those conditions are consistent with the relevant rules of the game.
7.24 Where an Entrant is re-seated, they will assume all rights and responsibilities of their new position. An Entrant moving to a new table is eligible to be dealt a hand in any position and will post blinds when and as required except if they are seated in between the button and the small blind.
7.25 Once the Entrant make-up for the final table has been determined Entrants will redraw for seating positions.
7.26 Entrants may request to 'put the clock' on another Entrant. Subject to the request being reasonable the Tournament Director will call 'time' and the Entrant in question will have one minute to act. If action has not been taken by the time the minute is over, the Entrant's hand will be called dead. All wagers made by that Entrant will remain in the pot.
7.27 The Tournament Director reserves the right to direct any Entrant considered to be unduly delaying the game to expedite their play.
7.28 The Tournament Director may also call 'time' on an Entrant if deemed necessary.
7.29 If an Entrant lacks sufficient chips for a blind, the Entrant is still entitled to go all-in with their remaining table stake.
7.30 All cards will be turned face-up without delay once an Entrant is all-in and all betting action by all other Entrants in the hand is complete.
7.31 During Hand for Hand, where there has been an All-In and a call and there is no further action for that hand, those cards will remain face down until action is completed on the remaining tables.
7.32 Verbal affirmations as to the content of an Entrant's hand are not binding.
7.33 An oversized chip wagered without the Entrant calling raise will be deemed to be a call.
7.34 An Entrant who bets unannounced with two chips of the same denomination totalling more than the amount to call and less than the minimum amount to raise (and one chip value is less than the previous bet), will be considered a call.
7.35 During a Bounty Tournament, an Entrant will be assumed to have gone All-In if they throw in their Bounty Chip during a round of betting.
7.36 Where only two Entrants remain in the game, all rules pertaining to the order of wagering and order of play shall be amended to the extent that the designated Entrant will be the first to place the blind and shall be the first to bet or fold in the first betting round.
7.37 The Casino Operator will not charge a participation fee nor charge commission on any round of play during the tournament.
7.38 Penalties may be imposed at the Tournament Director's discretion. Penalties available for use shall be verbal warnings and or missed orbits. Missed orbit penalties may include 1, 2, 3 or 4 orbits away from the table. During penalties of missed orbits, the Entrant must remain away from the table. Cards are dealt to the Entrants seat, and blinds and antes will be posted from the Entrants stack as required, with the hand mucked after each initial deal. In extreme circumstances an Entrant may face disqualification. An Entrant who is disqualified shall have their chips removed from play.
7.39 An Entrant who exposes their hand during a round of play will not have their hand folded but may incur a Penalty.
7.40 Tournament Entrants must not advise or seek advice from another tournament Entrant or person not involved in the tournament during play.
7.41 From time to time, the Tournament Director will substitute Entrant's chips of lower denominations with chips of higher denominations -" Chip Race". To the extent that an entrant's lower denomination chips fail to evenly amount to the value of the new higher denomination chip (respectively, "Odd Chips", "New Chip"), the Chip Race will proceed as follows:
(a) The total value of all Odd Chips on the table is tallied.
(b) As many New Chips as together wholly equate to the value of the Odd Chip tally are set aside for play and as many of the Odd Chips as equate to the value of those New Chips are removed from play.
(c) If the value of the remaining Odd Chips (if any) equates to less than $50 \%$ of the value of a single New Chip, those Odd Chips are removed from play and no further New Chips are set aside for play. If the value of the remaining Odd Chips equates to $50 \%$ or more of the value of a single New Chip, a single New Chip is set aside for play and those remaining Odd Chips are removed from play (e.g., Totals of \$450 and \$475 would all equal $5 \times \$ 100$ chips for the race).
(d) A "Race-off" is conducted to award the New Chips to Entrants who possessed Odd Chips. Starting at the first seating position to the left of the dealer, the dealer will deal cards to Entrants face-up. Each Entrant will be dealt a number of cards corresponding to the number of Odd Chips they possess.
(e) The Entrant with the highest card value receives a New Chip and in sequence each Entrant with the next highest card value receives a New Chip until there are no further New Chips in the Race-off. If 2 Entrants have the same value card and there is one chip left an additional card will be dealt to each of these Entrants.
(f) Each Entrant may receive a maximum of one chip in any given Chip Race.
(g) If, following a Race-off, an Entrant has no chips of any denomination, that Entrant will receive a single chip of the lowest denomination in play.
(h) If after a Race- off is completed, a player still has chips of a removed denomination, they will be exchanged for current denominations only at equal value. Chips of removed denominations that do not fully total at least the smallest denomination in play will be removed without compensation.
7.41 It is the Entrant's' responsibility to protect their hand at all times. If a dealer mucks an unprotected hand, the Entrant will have no redress and will not be entitled to have any wagered chips returned. An exception would be if an Entrant raised and the raise had not been called yet, the Entrant would be entitled to receive the raise back.
7.42 It is the Entrants responsibility to determine the correct amount of an opponent's bet before calling, regardless of what is stated by the dealer or other Entrants. If an Entrant requests a count for the amount to call, but receives incorrect information from the dealer or players, then places that amount in the pot, the Entrant is assumed to accept the full correct action and is subject to the correct bet or all-in amount.

### 7.43 Action Clock Rules

a) The Action Clock will be introduced into play at the start of the tournament
b) The Action Clock will be controlled by the dealer
c) Dealers will start the Action Clock following the completion of each deal once the last card has been dealt
d) When players act in turn, the Action Clock will be reset, with each player receiving a fresh 30 seconds to begin his or her action
e) When a bet or raise has been made, the dealer will first count the bet or raise size, announce the amount, and then start the clock for the next action. If a player calls the bet, the dealer will reset the clock to begin the next player's action
f) Dealers will advise players when the Action Clock reaches 10 seconds
g) To begin play in the Action Clock portion of the tournament, each player will receive time-bank chips. Each time-bank chip is worth a 30-second addition to a player's action
h) Players should keep all remaining time-bank chips with them throughout the duration of the tournament
i) Time-bank chips are to be treated with the same level of importance as tournament chips.
j) Entrants are required to keep remaining time-bank chips visible at all times
k) If an Entrant wishes to use a time-bank chip, the player is to pass the time-bank chip forward to the dealer in exchange for an additional 30 seconds to be added to their Action Clock
I) In the case that the Action Clock expires for a player with remaining time-bank chips, the player's Action Clock will be automatically extended an additional 30 seconds before the dealer collects the time bank chip(s) used. Collection will take place at the end of the player's action. If a player's Action Clock expires and the player does not have any time-extension chips remaining, the player will be (a) forced to check if there is no bet pending or (b) fold if facing a bet or a raise
m ) The Action Clock will never be paused unless there is an extreme situation that calls for play to be halted
