

Tournament Conditions

WSOP Stage 1 Package Satellite

\$210 Buy-in

No Limit Hold'em Poker Tournament

(a) Tournament Structure

A maximum of ten players on each table and is subject to change at the discretion of the Tournament Supervisor. At the end of the first blind level all the available seats that have not been allocated will have their table stake removed, and then every player who buys-in to the tournament prior to the end of the first break will be considered an alternate.

Any player that is considered an alternate will be seated with a full starting stack when their seat becomes available.

The Tournament Supervisor will move players to facilitate the balancing and/or breaking of tables to ensure the efficient running of the tournament.

Tables will be balanced in order to maximize the number of players and to regulate approximate even numbers of players on each table as player and table numbers reduce.

The method of balancing tables will be: a player who is closest to the left of the big blind on a table with more players will fill the seat closest to the left of the big blind on a table with fewer players in order to even out player numbers.

As players are eliminated (lose all their chips) from the tournament, the Tournament Supervisor will break tables from play in order to maximize the number of players at each table.

Tables will be broken in a pre-set order, with those players being assigned to empty seats at other tables as needed to ensure reasonable balancing.

A player (a) who starts at the wrong table/seat with the correct chip stack will remain at that table/seat. The player (b) who seat that has been taken will now be seated in player (a) seat. I.E Players will have switched seats. Player (a) will be awarded a 1 round penalty from the next hand that the error has been discovered.

Players seated on the new table assume all responsibilities of that position and shall be dealt in immediately. The only variation to this shall be if a new player to a table takes up a position between the small blind and the button, in this case they must wait until the button has passed.

The final table shall consist of up to 10 players and will be played until there is only one player remaining. That player shall be declared the overall tournament winner.

(b) Tournament Chips

Each player shall be issued with 5,000 in non-value tournament chips prior to the start of the tournament.

The order of wagering will be in accordance with The Star Poker Rules.

Any player removing tournament chips from the table will be disqualified from the tournament and excluded from any further tournaments at The Star.

(c) Allocation of Wagering Areas

Allocation of wagering/seat positions will be done by a manual or electronic system after payment has been made. A player who has not taken their seat by the commencement of the second break will be disqualified and their remaining chips will be removed from play. If player (a) starts at the wrong table/seat with the correct chip stack, that player will remain at that table/seat. Player (b), whose seat has been taken, will now be seated in player (a) seat. I.E Players will have switched seats. Player (a) will be awarded a 1 round penalty from the next hand after the error has been discovered.

(d) Wagers

There is no maximum limit to the size or number of raises permitted in each round of play. The minimum raise must not be lower than the big blind and or must not be less than any previous bet or raise in the betting round, except where a player goes all-in.

Blind levels will be in increments of **20 minutes**. The Tournament Supervisor shall increase the blinds at their discretion, providing all players are advised prior to the round of play in which the blinds are to be increased and no wagers have been placed or cards dealt prior to the announcement. Any increase to the blinds will follow the order, as set out below, though may not necessarily progress to the maximum.

(e) Time Restriction

The Tournament Supervisor may impose a time restriction on any player deemed to be taking too long to make a decision. On being advised by the Tournament Supervisor that the time limit is being imposed the player shall then be given 40 seconds to make and act on their decision. A player who fails to make a decision within the 40-second time limit will have their hand declared dead unless they have the option of check in which case their hand will be considered checked.

(f) Entry and Buy-in

Cost of participating in the tournament is **\$210**, comprising a buy-in of \$190 and an entry fee of \$20(payable to the Casino operator (together, **Fees**). Players may buy-in to the tournament up until the end of the first break.

A player that has been eliminated from the tournament before the end of the first break, who wishes to re-enter the tournament will be required to pay the full \$210 buy-in and entry fee once more. At the first break a player may choose to forfeit their remaining chips, pay the full buy-in and receive a full starting stack. A player may re-enter unlimited times until the end of the first break

A player who re-enters will be considered an alternate and will be allocated to a different table, if possible, if a different table is not possible then a different seat and then if the only available seat is their previous seat then that seat will be their allocation.

All refunds are at the Tournament Supervisors discretion.

(g) Eligibility for Entry
